Heating, Ventilation, and Air Conditioning Technician

Description

We are seeking a skilled Heating, Ventilation, and Air Conditioning (HVAC) Technician to join our dynamic team. The ideal candidate will possess a strong mechanical background and have hands-on experience in HVAC installation, maintenance, and repair. This role requires a dedicated professional who is detail-oriented and committed to providing high-quality service to our clients.

Responsibilities

- Install, maintain, and repair heating, ventilation, and air conditioning systems in residential and commercial settings.
- Troubleshoot HVAC systems using schematics and diagnostic tools to identify issues effectively.
- Conduct routine inspections of HVAC systems to ensure optimal performance and compliance with safety standards.
- Perform equipment repairs on various HVAC components including boilers, refrigeration units, and air conditioning systems.
- Collaborate with clients to understand their HVAC needs and provide tailored solutions.
- Maintain accurate records of service performed and parts used during repairs.
- Ensure all work is completed in accordance with local codes and regulations.

Qualifications

- 2+ years HVAC experience
- Must possess a valid driver's license with minimal issues
